Product Specifications:

(For Architects & Engineers)

The wall flush with tilt mount for mid sized flat panels shall be the Video Mount Products (VMP) LCD-MID-FT. The mount shall be designed to attach to 2 studs up to 16" apart or other suitable support surface. The mount shall be primarily composed of formed steel and shall incorporate riveted nuts.

The mount shall be capable of adjusting to accommodate a wide variety of flat panels ranging in size from 27" to 42" and not necessarily be model specific. The adjustable mounting rails shall be capable of accommodating a maximum hole pattern of 400 mm wide and 200 mm tall. The mount shall be capable allowing a tilt ranging from -5° to +15°. The load capacity shall be 100 lbs.
